Term 2 Issue

1 National Digital Literacy Programme (NDLP)

Fuchun Secondary School will be embarking on the NDLP in Term 2 2021 to equip our students with essential skills and literacies to thrive in a digital society. To enhance teaching and learning and personalise students' learning experience Sec 1 to 3 students will be using Chromebooks as their Personal Learning Device (PLD) during lessons.

The PLDs will allow your child/ward to access our school's two main platforms for learning – Student Learning Space and Google Classroom. The PLDs will provide them with access to different applications, tools and learning resources prepared by our teachers. The school has also subscribed to Kami which will allow your child to make use of the attached stylus on the Chromebook to take notes by writing on the screen.

Your child/ward will collect the Chromebook on 7 May 2021 (Fri) in school during curriculum hours. During collection, our staff will conduct the onboarding to familiarize your child/ward with the PLD and assist with the Device Management App (DMA) installation. The collection, onboarding and DMA installation will take up to one hour. CCAs will be cancelled on 7 May so that your child/ward can return home immediately after school with their devices and accessories.

Should you not allow your child/ward to collect the device on 7 May, please note that you will have to personally head to Henderson Industrial Park between 10 and 12 May to collect the PLD from the vendor. Self-collection at the vendor's office is done on an appointment basis. In addition, your child/ward will be required to stay after school to complete the DMA installation and onboarding.

As per Ministry's guidelines, students will need to ensure that the PLD is fully charged at home daily before bringing to school. Charging of PLDs is not allowed in school.

With the Chromebook, we look forward to a better schooling experience for your child.

2 SCHOOL MERGER IN 2024

The news was announced on 7 April that Fuchun Secondary School will be merging with Woodlands Ring Secondary School in January 2024. The merger would ensure that our schools have the critical mass for a wide range of educational programmes and co-curricular activities (CCAs), to cater to our students' strengths and interests.

The merged school will start operations in January 2024, at the existing Woodlands Ring Secondary site at 10 Woodlands Ring Road S(738239), upon the completion of PRIME upgrading. We will inform you of the name of the merged school at a later date.

We understand that you and your child may have to make some adjustments, and would like to assure you that we are committed to ensuring that your child's learning experience is not compromised. We will work closely with Woodlands Ring Secondary School and MOE to ensure a smooth transition for all students, and minimise disruption to the school's programmes and routines.

We thank you for your support for Fuchun Secondary over the years, and would like to seek your continued support for the merged school.
